

IDLING SCHOOL BUSES AND OTHER IDLING VEHICLES ON SCHOOL PROPERTY

The Western Wayne School Board seeks to limit vehicle emissions that might be brought into school corporation buildings to reduce exposure to these emissions and to improve indoor air quality for students, staff, and visitors. This policy applies to all public and private vehicles on any school property and to school buses while transporting students at any time.

The school shall post signs in areas where idling is prohibited. Drivers of vehicles are to turn off the engine if the vehicle is to be stopped for more than five (5) minutes.

Exceptions to this policy include, but are not limited to:

- A. Safety of children or emergencies
 - 1. use of lift equipment during loading of individuals with special needs
 - 2. use of defroster, heater, air conditioning, or other equipment during loading or unloading for health or safety concerns
 - 3. use of bus headlights or flasher warning lights for safety or visibility purposes
 - 4. other safety or emergency issues
- B. Hot or cold weather
 - 1. during hot weather and the bus has air conditioning to keep students cool while on the bus
 - 2. during cold weather to warm the bus (this should be done outside the school zone)
- C. Maintenance operations
 - 1. buses may idle as necessary as part of a pre-safety inspection
 - 2. if necessary to make emergency repairs to vehicles

The staff will be informed of this policy at the start of each school year. Parents and students will be informed of this policy at the start of each school year at annual orientations or through student/parent handbooks.

The Superintendent shall prepare administrative guidelines to implement anti-idling and smart driving procedures for all personnel driving Corporation owned vehicles or drivers of buses contracted to transport students.

Complaints of non-compliance are to be filed with the Superintendent.
