

LATCH-KEY PROGRAMS

The Western Wayne School Board is concerned about the growing number of children who are not provided sufficient care, nurture, or supervision when not attending school. This has serious implications for their general well-being as well as for their ability to benefit from the school program to the extent they need or want to.

Since these children constitute a significant portion of the growing number of students who are considered "at-risk", the Board shall seek to provide appropriate programs and services for these, as well as all other students in Grades K through 6, through the use of Corporation staff and facilities.

The Superintendent shall establish administrative guidelines that will ensure programs and services are available to participating students after school and prior to the start of school.
