10. Public Comment:

-Several Teachers and Community Members spoke on the behalf of an employee. Stating how they supported the transition and new direction of our elementary school. The consensus was that the direction that was being taken had a very positive impact on not only the students and parents but for most of the faculty as well.

-WWS School Email accounts being set up for board members. Was concerned that this had not taken place yet. She was informed that it is indeed in place and all board members now have a wwayne.k12.in.us email account.

-Glad to see so many passionate about our school. Spoke of the many positive and exciting successes students are having throughout the entire district. Our District has produced a lot of students who are super successful as well as 5 Lilly Scholars – which is more than any other school in Wayne County. Wanted to let teachers know that he is always open for comments and will try to help the situation. Wants the Community to pull together and move towards positivity.

13. Upon motion of Phil Pflum, seconded by Dave Sturgis, the meeting adjourned at 7:20 p.m.  
Motion carried, 4-0
